Concerning: Reference for successfully completed assignment
Dear Mr. Ganev,

In my capacity of official representative of Prista Oil Holding, I would like to confirm the extensive involvement of New-I in the preparation of a **project proposal “Waste Oils Recycling through Hydrogenation and Transnational Value Chain Activation” (LIFE-WOR-TVC)** with participating entities Prista Oil Holding, Refinery for Base Oils EAD and The Bulgarian-Romanian Chamber of Commerce and Industry (BRCCI). The proposal was developed under the EU’s main funding instrument for the environment and climate action - LIFE Programme, Circular Economy and Quality of Life - Standard Action Projects (SAP).

The New-I experts successfully guided the process of concept analysis, examination of best practices, eligibility assessment, consortium management, preparation of Application Form Part A – Administrative information and Budget, Part B – Technical description, Part C – KPIs, and mandatory annexes. They executed their responsibilities in a timely, professional and attentive manner, correspondent to our expectations, as well as with high flexibility and respect of our specific needs and perspectives.

I would like to demonstrate our satisfaction with the delivered services and the final output of our collaboration.

Sincerely yours
